Dear John Doe,

We have made some changes that we think you will appreciate.

During the past 40 years of caring for your pets, our former hospital served us well. Space finally got a little too cramped, so we have made a change for the better!

We are excited to welcome you to our new hospital where you will continue to receive the same caring, attentive service from our highly qualified staff. Our new facility has three well-equipped exam rooms, a large treatment and intensive care unit, expanded runs for boarding and kenneling, more convenient parking, and a roomy lobby with easily accessible check-in and check-out areas. We will continue using the latest technology available to enable us to provide the highest quality of care for your pets.

Come by to visit our new hospital soon. We look forward to seeing you.

Sincerely,  
 The staff at Happy Land Animal Hospital

**P.S. Come by any time for a visit. As an added incentive call to schedule a dental exam for 50% off and take advantage of discounts on dental cleaning and/or early disease detection tests.**

Does your four-legged friend have bad breath or tartar buildup? Dental disease may be the cause. More than 75% of adult dogs and cats suffer from dental (periodontal) disease. Left untreated, this disease is both painful and potentially life threatening. Please ask us about proper dental care for your pet.
